Melody Driven Guitar Strummin' Keyboard Vocals Folk Rock 12 MP3 Songs FOLK: Power-folk, ROCK: Acoustic Details: While touring London , England in the summer of 69, I met the Beatles. By way of the underground I found my way to emi studios. At the time, they were putting the final touches on what would be their upcoming lp Abbey Road. a handful of fans were milling about. Suddenly, Paul McCartney, George Harrison, Ringo Starr their producer George Martin Appeared and walked out the front door. They Stopped to sign autographs. I had my camera and began clicking away. Discovering I was an American, we chatted briefly. Then they got into their cars were gone. For me. that encounter changed everything. The 70s were the decade of the songwriter. James Taylor, Billy Joel, Stevie Wonder, Joni Mitchell, neil Young. This was a time of inspiration for me. after returning from England I took up playing guitar piano. I put together a small 2 track home studio and began my songwriting and recording endeavors. Eventually, I would build my studio to four, then eight finally sixteen track. when I was in my early twenties, I traveled through Western Eastern Europe on my own. Then onto Greece, Egypt, Turkey, Iran, Afghanistan, Pakistan India. Being a native Californian and raised in san Francisco, Experiencing these different cultures was a once in a lifetime adventure. In the summer of 71 I attended Humboldt State and enrolled in a couple of Literature classes. We read studied works by Becket, Burroughs, Kesey Hesse. I got into reading science fiction. Works by Azimov, Clark, HG Wells Verne. My exposure to literature is reflected in lyrics for songs such as, The Landing The Procuring of Puppets with String. 1980: I recorded my first LP The Broadway Boys. Although it didnt make me a household name I received a thumbs up review from Keyboard magazine. Recently I released several CDs...Not a Cloud in the Sky and Dining at Horizons. The former contains the song...Like Swallowing Down a Spider which was described in (PME.COM...progressive music encyclopedia) as Pure Genius. Im currently completing work

on two new CDs. Playing guitar, piano. songwriting recording have given me a sense of commitment, perseverance and identity. To check out more go to: JOHNGIGNOUX.COM.
