Solo harp music designed to take you into a place of inner calm. 15 MP3 Songs in this album (49:51) !

Related styles: EASY LISTENING: Background Music, CLASSICAL: Contemporary Details: The title song for this album is an original free-flowing improvisation by the artist. Many of the remaining tracks will be familiar titles to most folks; all have been arranged by RoJean, and played on her 36-string Celtic harp.

Track 6 (Dona Nobis Pacem) is often sung as a round. RoJean plays this on three separate tracks and has them mixed as though played by three harps, resulting in an almost shadow-like effect. "Our daughter falls asleep to this CD every night and always wakes up with a smile. What relaxing and soothing music!"

"Tranquility is just sooo...tranquil. Love it!" comments another listener. RoJean discovered the folk harp over a decade ago, and in this her fifth recording, shares the serenity of solo harp strings. She hopes it will provide a relaxed beginning for your day, calm to ease your stress, or quiet for your fussy babe - and you!
