"RSP" (Richard Preske) currently lives in Las Vegas, NV and is pursuing his music career as a solo act. His overall goal is to become a professional songwriter/artist on the west coast. However, Rich began his

musical career with close friend, Michael Scarlett and formed their own band called "Aspiration". Check out the cdbaby.com/cd/aspiration link for background information. "Subtle Impact" is the new CD from RSP (formerly singer/songwriter/guitarist of Aspiration). "RSP" (Richard Preske) has recorded 12 more songs for the new CD titled "Subtle Impact". The new CD is completely a solo act of Rich's own material (except for "Trust In Your Heart" and "Am I Asking For Too Much") and includes more instruments and intensified singing on each track. "Trust In Your Heart" and "Am I Asking For Too Much" were the first two completed songs for the new CD. "Trust In Your Heart" introduces a female lead singer to a well-crafted love song and "Am I Asking For Too Much" uses some unique guitar effects and moving lead vocals by Rich. The title track, "Subtle Impact", is an upbeat rock instrumental with three different guitar tracks, solid drum beat and straight forward bass line. The song will incorporate all of Rich's developed techniques in guitar playing, arranging and songwriting flavored with pieces of improvisation. Its Always Something is a unique rock song with an attitude on how lifes little plans never seem to work out quite the way you think or expect. More Than A Kiss is an emotional soft rock ballad with some interesting vocal harmonies. Sweet Danielle is a song Rich dedicated to his wife and includes a soul sound beat and melody for the verses and rock sound for the chorus and bridge parts. My Inspiration is a remix of the dance song from the Resonance album of Richs former group Aspiration. Carefree Symphony is another rock song expressing Richs deep belief in how music and life should be enjoyed in a carefree fashion and enjoyed together as one. Strumming Along is another instrumental with a jazz background beat and clean guitar picking sounds created by Rich. Turbo Kick Salute is a song dedicated to turbo kick fans and uses various guitar work arranged with fun sound effects and synthesizer samples, drum machine programming and vocals to create a different kind of song. Fight For Our Freedom is an emotional song based on the tragedy of Sept. 11, 2001. Thank You is a house beat, dance appreciation song for exercise instructor Julies turbo kick class that has helped Rich stay healthy, motivated and in shape. -review by p&s music company Subtle Impact credits: RSP (Rich Preske) guitars, vocals, lyrics, keyboards, bass, drum programming All songs written, arranged and performed by RSP (Rich Preske) except: Trust In Your Heart Kim Kelly vocals Steve Barone drums Sally Petersen lyrics Rich Preske guitars, arrangement, background vocals Am I Asking For Too Much Steve Barone drums Sally Petersen lyrics Rich Preske vocals, guitars, arrangement, intro keyboard CD cover design by Jacob Andrzejczak (imagesofvegas.com) 'Aspiration' songs and soon to be 'Subtle Impact' songs available at these digital
