Indie rock - achingly beautiful harmonies wrapped in rock arrangements. 7 MP3 Songs POP:

Beatles-pop, ROCK: Roots Rock Details: Atlantas Y-O-U has blazed a trail of independent success based on fantastic versatility, reckless live appearances, and songs that are both timeless and groundbreaking. Their undeniably original sound has allowed them to share the stage with Kings of Leon, The Features, Rooney, Better than Ezra, and even Hoobastank. Admitting an association with the Stank " " theres something different going on here... After moving from Indiana to Atlanta in mid-2002, Y-O-U's meteoric rise to the top of the Atlanta scene was characterized by erratic unpredictability. Their rare combination of critical acclaim and sellout crowds was built on a reputation as Atlantas wildcard: from pseudonymous appearances as a Euro-synth pop outfit to mockumentary films about jump roping, no one knew what they would do next. The latest release from Y-O-U, an Ep entitled Everything is Shifting, is at once dark and hopeful, psychedelic and roots-driven, intelligent and accessible. The huge sound is driven by frenetic drumming, melodic bass lines, and jangly guitar accented by retro drum loops, synth blasts, and majestic keyboards. Quick-witted, honest lyrics are delivered in a haunting voice that is equal parts Buckley, Dylan, and Plant. Y-O-U has developed a national online following through its website pleaserock.com. The continued growth of the site and its content is anchored by a creative partnership with the co-creators of web cartoon juggernaut HomestarRunner.com. Y-O-U produced and co-wrote Strongbad Sings, a collection of songs from the wildly popular animated website. The partnership also birthed an animated video for Y-O-U's LA Lindsay, which was recently added by Yahoo Launch, and an all-new pleaserockwebsite.
