Examines the rules of procedure for the conduct of business at international conferences and assemblies of inter-governmental organisations. This new edition is a comprehensive manual of the rules of procedure for the conduct of business at the UN General Assembly, at international conferences and at assemblies of inter-governmental organisations such as the IAEA, ICAO, ILO, IMO and WHO. It examines the legal basis of these rules, the history of their development and the attempts at their codification. At the heart of the book is an examination of the practical applications of rules of procedure. Sabel also considers whether certain procedural rules and applications have become so well established that they have now attained the status of customary international law. The book is of interest to those involved in international law, international relations and international organisations. It also serves as a practical manual for delegates to the UN General Assembly and to international conferences. EAN/ISBN : 9780511159282
