On the very point of business success, Simon Bradwell has used and abused most of the women in his life. Now the woman he bribed, the woman he married, the woman he used and the woman he ignored are overcoming their differences and planning their revenge. But their plan has unexpected consequences, as the relationships of Simon and the women in his life realign into new constellations. Married above his station and resenting it, Simon sets himself to becoming the success in business that will provide the money he requires to free himself of his wife and the influence of her family. Then, just as his plans are on the verge of fruition, the woman he bribed will extract her due; the woman he married will spurn him; the woman he abused will take revenge and the woman he ignored will take the rest. Simons life is about to go into free-fall. WARNING: Contains scenes of an explicit sexual nature
