With her soft vocalize and her blue galvanic violin, Amelia establish no limit for creation. 10 MP3 Songs POP: Folkly Pop, GOSPEL: Contemporary Gospel
Witness Songs Details: Amelia is a songwriter, composer, singer and violinist. Playing on her standard violin and her five string blue galvanic fiddle, she developed her own unique style by performing and recording with fellow musicians she met while traveling with her instrument across America and Europe. Amelia has been inspired by many styles of music from celtic to classical, from gypsy through blues, rock, and jazz to contemporary pop. Solo, with her own band, or with other groups, she has played in theaters, festivals, and night-clubs, on TV and radio shows, and on many recordings made in France and across Canada. Having composed for other projects as well as for her own pleasure, Amelia had drawn on her musical influences and personal experience to develop a writing style all her own. In August 2000, touched by the Lord Jesus, her apparitional awakening gave a purpose to her skills and style: her CD "Witness Amelia is the result. For her Francophone family, a new CD will be available in French as well. Amelia's main purpose in life is to inspire with her music all those who are seeking for the Light in this world. God bless you all!
