Folk Singer inspired by sound of Mark Geary, Josh Ritter, Damien Rice. 12 MP3 Songs FOLK: Traditional Folk, FOLK: Modern Folk Details: Chris Luxem's new cd is a compilation of his two recent EP's, Never Make It South, released this year. After traveling through Europe this past summer, Chris is back in Chicago this Fall playing shows in the area with Emily Jane Powers. They are just finishing up bookings for a quick December tour from Chicago to Boston back. They will be playing small clubs, coffee houses, and house parties along the way. Emily Chris have been writing and recording new material together. Hopefully we'll see a CD come of it on Cd Baby. We suspect that they will be adding a drummer and bass player for some dates in the future. We look forward to that. Be sure to visit [chrisluxem](#) for more information. And thanks for stopping by.
