Details: Deep zone space music by Dan Pound, arranged and mastered by Steve Roach. This is very searing, hypnotic and penetrating meditation music. Not for the timid, this sound art arrangement will indeed transport you to the far reaches of this dimension and beyond. Most of the music is taken from the much sought after original release from 2006, with a huge palette of new sounds added, including some subtle sonic enhancements from Mr. Roach. This is the first of many re-releases in the works, as the older versions will soon become dis-continued. Stay Tuned!
