Indie pop/rock with dashes of Thom Yorke, Paolo Nutini, Bowie and Lennon. A rich tapestry of eclectic songs that ooze with the longevity of a classic album. 10 MP3 Songs POP: Britpop, ROCK: Adult Contemporary Details: It's been nearly four years since Floron's first album, Thunderstruck, but it has definitely been worth the wait. This is an album of diversity, from upbeat-driving tracks, to dark-brooding melodies. Whilst being eclectic, it hangs together seamlessly and flows with an effortless magic. In some part this is due to the sensitive mixing and mastering of Tim Rainey. Floron and Tim produced the final mixes at Tim's Kymata Sound Studio in Crete. As a result, here is an album that you'll want to play over and over again and still be moved everytime. As an additional bonus, there are two CDs Included in the pack: a RED CD which has been mastered for listening to on the move or in the car; and a WHITE CD which has been mastered for more sensitive listening at home on your hi-fi system.
