BackfortyBunkhouse.com Gaylynn Robinson's "Love Heartache" is nothing short of awesome! The songs are diverse, to the point, and embrace a number of styles, all while staying true to Gaylynn as a songwriter and singer. Recently, I took a road trip that was over 5 hours and I took Love Heartache along to listen to it while the miles melted away. I had already listened to it several times already, but I wanted to listen to it again and again to see if I would get tired of it. Nothing could be further from the truth! This album sounds better and better the MORE you listen to it! Gaylynn has developed a style of songwriting that anyone can listen to and say, "yes, that is a Gaylynn Robinson song!"Bad Bob Rohan, Recording Artist, Songwriter Buffalo Gals Cartoonist (badbobrohan.com)
