Details: "The Mortal Moon" A collection of original songs by Marianne Kreitlow displays a deep sense of individual emotion and environmental concern, while spinning a web of strong instrumentation, production and overall sonic quality. The songs cover a wide range of musical styles from reggae/ska, jazz, afro/cuban, to more classically based keyboard oriented ballads, all the while maintaining a strong folk foundation. Marianne's lyrics are dense and personal at times, though conveying universal messages that virtually anyone can relate to.
