An ambient journey about love, loss, and hope. 6 MP3 Songs POP: Power Pop, ELECTRONIC: Ambient

Details: I was born in Owensboro Kentucky. I wrote and recorded "Leaving Duraleigh" in North Carolina during a time in my life when things were happening quickly. This recording is about love, vulnerability, and my longing to be successful in this beautiful thing we call life. I live in Nashville Tennessee now. I'm writing and recording for my first full length record. To keep things simple, I'm a 21 year old young man who deserves nothing, yet by God's love and grace, has everything. -Nathan "LEAVING DURALEIGH"

BUZZ "...a collection of solid and original ambient pop songs with a sophistication sure to find new fans."
