It's Down South, Hip Hop and R&B. We've taken some of the best underground unsigned artists in Orlando, Florida and created a classic. One of the best street collabs of its time, we combined the hustle with the sexy and the party with the positive. 22 MP3 Songs HIP HOP/RAP: Southern Style, URBAN/R&B: R&B Rap mix Details: Money Motivated Mixtape Vol 1, is one of the most anticipated mixtapes to come out of the Orlando area, packed with some of the areas hottest up and coming rappers with production from the underground hit maker himself Slim P formerly of Synchronized Sound Productions, Beat Central Productions and Powerhouse Productions laced the Mixtape with the heat for the streets. Money Motivated Mixtape Vol 1, was created for two reasons. (1.) Slim P wanted to promote the new production company Track City Productions. (2.) to promote underground artists who he believes can make it to the next level. This is TNOM Entertainment's first release as a recording group and we have already been negotiating distribution for the follow ups with top distribution labels. We sold out of our first shipment of 2000 CDs within streets in the first 3 weeks of release with no radio and no shows to help promote. Artists like Poe Boy, T- Bone, T-hall, LGO, Robman and UNT are the artists who made this mixtape a success in the streets with the attention grabbers like Florida Boyz, P---Y on his Breath and Wildest N----s. Artists like Sheryl, Ryan, Lil Bobby, Sneaky Boyz and LMGs kept the mixtape successful with the club and trunk bangers like Nookie, No Questions and Wanna Ride. Then there are artists like Slim P and Robman who were the featured artists on the mixtape brought that fire with the songs Grind On, Go Hard, Go Harder and Them Boyz Outthere sealed the deal to make Money Motivated a must have classic. Each one of the artists on the CD have solo projects either released prior to the mixtape or about to release. These rappers have extraordinary talent, and I encourage everyone to support. This is just the beginning!!!! Plan, Plot and Strategize!!!!
