Proxy Profits Manual "Discover How To Easily Set Up Your Own Profitable Proxy Websites..." What Is A Proxy? The definition of a proxy as they concern us is a web page that allows users to access websites that are restricted by the users network administrator. Why Would Anyone Want To Use A Proxy? The main reason people want to use proxies is because they allow you to access blocked sites. Many people at work or at school, love to conquer their boredom by browsing the internet. However the network administrators of such places do not want their students or employees looking at their friends MySpace pages all day. Many of these networks have online gaming sites blocked and even certain forums and webpages are blocked due to their content. Another reason people want to use proxies is because their government has imposed restrictions on internet use. Countries such as China and Iran are good examples of this. Their governments are very rigid when it comes to censorship. "The Proxy Profits Manual" You Actually Only Need To Follow 9 Simple Steps...
