[] Confused as you don't know where to start or even where traffic comes from? [] Sick of failing to make it to the top 10 in the search engines... [] Yearning to know

specific methods you can use to drive targeted traffic to your website? [] Want to know how to stop wasting time or money driving the wrong traffic to your website? If you checked any of the above, then this will be one of the most important letters you'll read.... Yes, times are changing. Just a few years ago even some simple SEO knowledge would have been enough to make it to the top, now everybody is using it. What you need is an edge and this video course is going to do just that. You'll learn the basics, but you'll get more than just the basics. By the end of this course, you will not only understand the basics of SEO, but you will have actual methods in the palm of your hands that you can use to kick start your SEO traffic success. There is money to be made on the web, without a doubt, but to make money you need traffic, and not just any traffic, you need quality traffic. 70 of all the traffic generated on the web still comes from search engines. As a smart marketer you need to gather traffic from many different sources, not just one. In this video course, we will go over SEO or Search Engine Optimization as they call like. Businesses that know how to use SEO successfully will continue to grow richer and you should be one of them! If you are not, then this cycle can be broken and you will break it. Yes, you may have struggled with SEO and even saw little results, but... - Wouldn't you like to have the upper hand for once? - Wouldn't you like to know at a glance what is going wrong and how to fix it? - Wouldn't it feel nice to see all the effort pay off and see the traffic coming from search engines increase, day after day? - What stops you then? It is the lack of proper information and the lack of organization. By looking at SEO, it may seem so easy...Just aim the keywords, build inbound links, optimize the site for search engine bots and the chosen keywords. That's it. Right? WRONG. Why is it wrong? Because everybody is playing the game and you must play it better to be the winner. You have competition and you'll learn how to get ahead of them... In this course you will... aim for the RIGHT keywords, build MORE and BETTER QUALITY inbound links than your competition, optimize the website in the BEST possible way for search engine bots and the chosen keywords. Are you ready? Introducing Traffic Marketing Videos... What you need is Traffic Marketing Videos which features 10 videos, all packed with useful information. You will benefit from the course's highly organized lessons and you will gain the upper hand that you are looking for. But what does Traffic Marketing Videos actually contain? How can it help you? Straight questions deserve straight answers... Video 1: What is Search Engine Optimization (SEO) ? Describes SEO as a whole and it will allow you to see this entire business within a new light and scope. Being the introduction chapter you will be presented with what is ahead. Video 2: Understanding How the Search Engines work This is where

the real meat begins to be chewed. You will undergo a crash course in how search engines work, and how your websites get into their databases. Video 3: Top Search Engine Optimization Myths This chapter will show you several myths. You'll be able to sift the facts from fiction and learn some of the biggest SEO myths. Video 4: 5 Steps to improve your website Search Engine Optimization Take all the knowledge gathered so far and put it into practice. This is the chapter that teaches you how to effectively conduct the SEO process to improve your website's ranking, or SERP's (Search Engine Ranking Position) Video 5: How To Get Listed On Google And Other Search Engines in a few days Will give you insight into ways you can get listed into Google or other search engines within a few days. It's easy with these few methods and they are all White Hat methods, meaning they follow guidelines. Of course this means getting listed, but not on the top page. Video 6: Overview of Free Web Site Submission to Search Engines. This will shed some light on how submitting your site to many search engines is beneficial, but of course is not the way to get your site to the top of the results. Video 7: How To Boost your SERPS in Google and ranking in other search engines You will learn about SERPS (Search Engine Ranking Position) and how you can raise your SERP's. Given that there are so many techniques available, you will learn how to focus your energy on the most effective ones. Video 8: Understanding What Pagerank Is. Of course PageRank is used mainly by Google as a measurement tool for ranking web pages. The concept of Page Rank is explained and you will learn what it means, what I can do and what it can't. You will also be shown where you can check your pagerank or other site's pageranks. Video 9: Understanding Keywords and Keyword Strategy in Search Engines Keywords are highly important in the world of Search Engines. You will learn why they are important to Search engines and most importantly, you will be shown what tools are out there to help you dig out good keywords and measure your keyword density for free. Video 10: 5 Free Ways to get Search Engine Traffic In this video, you will be shown 5 methods that will highlight systems you can put into place that will begin to drive targeted traffic to your website. If you are an absolute beginner in SEO, you are actually at an advantage as you don't have the misconceptions and prejudice that webmasters commonly have about SEO. So what is this course actually containing and what it more importantly does not? You will learn the "how", but most importantly the "why". You will develop the ability to quickly analyze new developments in the SEO world and act on them. You will start spotting organic link generation opportunities on your own, once you develop the necessary skills You will gain a portfolio of backlink generation techniques that rely on organic generation, rather than artificial and you will thus

avoid all the future headaches of some possible search engine penalties. You will become familiar with how search engines really work and it will thus become possible to make adjustments to the way you are currently conducting the SEO effort You will manage to avoid the common traps in which many uninformed webmasters manage to get themselves into. You will see results more quickly than you think.
