All you have to do is follow the easy to follow methods and techniques outlined in this straight to the point, no BS guide and your visitors will go from suspicious readers to trusting, eager to buy customers at the blink of an eye Dear Friend, Does your sales copy suck? I mean, does it really, really suck so bad that you can barely squeeze out a sale from 1000 visitors to your website? If it does, dont worry this is why youre here, and Im happy to tell you your problems can be fixed because you came to the right place First of all, lets talk about the extreme importance of good sales copy Now, lets say you have a \$97 product and a decent sales letter up on your website that converts visitors to buyers at 1. Lets also say that you drive 3000 unique visits to your website a month, so at 1 you would be making \$2910 (minus advertising costs and expenses). Thats not bad! But after a while you get bored with that number and decide you want to double your income. Now theres three ways you can do that: 1. You can double the price of your product from \$97 to \$194 (this will probably kill your 1 conversion and your overall profits would drop) 2. You could try driving double the traffic to your website and see what happens (this is not always easy, as traffic does not come on demand it can also be a costly choice) 3. Or, you could work on improving your sales copy and increase your conversion rate to 2 (if you have a good product this is a very possible) That is how powerful good sales copy is. Just by tweaking and improving your sales letter you can go from 3000 visitors a month with a \$97 product converting at 1 for a total of \$2910 in sales to: 3000 visitors a month with a \$97

product converting at 2 for a total of \$5820 in sales! Thats Right, You Can Easily Double Or Sometimes Even Triple Your Profits Just By Improving Your Sales Letter! Great! Now Im sure youre as excited as I am about what great copy writing can do for your business. So where do you go from here? Well, you could try and improve your copy or write one from scratch all by yourself. Of course if you are clueless about copy writing, you wont have much success. Another option would be to hire a copy writer that knows what hes doing. But even a novice copy writer thats just starting out will charge you \$500 - \$1500, and thats without any guaranteeing results! (A pro will charge \$2500 to tens of thousands of dollars) You could do that, or you could follow the simple and proven step-by-step methods outlined in the "Cash Sucking Sales Letter Secrets" guide and write a killer, money sucking sales letter all by yourself Heres Just A Small Example Of What Youll Learn In The "Cash Sucking Sales Letter Secrets" Guide...
