

Mp3 9voltrevolt - Gravity

[DOWNLOAD HERE](#)

Original 80's, Techno, and Industrial influenced ROCK. 11 MP3 Songs ROCK: Modern Rock
ELECTRONIC: Dance Gravity Songs Details: Voted one of the "Top 9 Unsigned Bands of 2003" in
Blender Magazine's StreetFight competition, and "Best New Band In Louisville" in the 2004 LEO Reader's
Choice Awards, 9voltRevolt has come a farsighted long way from it's origins as a 2 man studio propose
Having headlined such gravid scale events such as the Underground Ecstasy Ball, The Louisville Mojo
Music Fest and more, 9voltRevolt has a professional, polished and energetic stage show that blends
dynamically with their original and crowd pleasing music. 9voltRevolt's music is being featured on the
soundtrack to the upcoming film "Death Tunnel" alongside Joan Jet and Marilyn Manson. And Finally,
replacing the limited run CD, "Never", comes "Gravity" the full version, and Debut CD from this dynamic
musical act. "Fans of Drown, gODHEAD, Sister Machine Gun, and early Nine Inch Nails will absolutely
love this, as it is a very original release by a powerful band that has been influenced by the classics of
industrial rock, but has kept a distinct sense of self and appeal. This isn't the mainstream electro-garbage
most people are inundated with on a daily basis. This is a stunningly addictive band that tears down the
walls of conventional music and produces from the heart." - Jeremy Eckhart, Grave Concerns "Here's
9voltRevolt and they kick ass. While very little techno and/or industrial has reached my ears and been
considered good company, Gravity is." - David Lilly, Louisville Music News "Not only is the 9voltRevolt
catchy for the genre, but the combination of these artists being placed in a musical blender, and adding a
bit of flavor formed a great marriage of intense lyrics and amazingly intoxicating industrial sounds. ...
When it comes to energy and overall musical appeal this band's charisma is way off the charts." -
Reinlok, Silencer Records' Webzine "High energy Techno Industrial music that gets into your head and
your feet ... and stays there." - Louisville Courier Journal "The band's influences (cited as NIN, Front242,

Skinny Puppy, Frontline Assembly, KMFDM, Nitzer Ebb, Zeromancer, Assemblage 23, etc.) are clearly heard throughout the entire CD, but there is never any doubt that this is an original sound. There are those who think Industrial music can't be accessible and credible at the same time, but 9voltRevolt manages to pull both off nicely. I strongly recommend you give this CD a place in your Techno/Industrial library. It'll be cool to pull it out in 5 years and say 'oh yeah, I've been listening to them since before they were big'" -Metal Music Magazine Familiar yet not derivative... emotional yet danceable... with a high energy stage presence... 9voltRevolt wants to impress you... and always does.
