southern hip hop at it's greatest for da kids grown folks. 14 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Southern Style Details: Str8 outta duval, 1 very determined artist decided to be more than just a hood rapper. He wanted peeps to know that his hood was a hood overlooked for many years. He was accepted by many industry reps that loved what he brings to the table but there's always that uncertainty of a&r reps to put their name on the line for a person who's music is good and turn heads. This album is just one of his many albums done. He's in the process on making a cross between country and southern rap on his next album which he's in the studio working on now. I'd like to thank some keep peeps that played a role: 1st of all thanks to Jesus for salvation, my life style i lived back in the days inspired a lot of what i rapped about, my folk back home in Sweetwater a.k.a Duval a.k.a Jacktown a.k.a Jacksonville.
