Jay Red Eagle won both Native American Artist of the Year and Flute Player of the Year. The Stillwater-based Payne County Line Promotions sponsored the contest. Officials say the awards are an annual event. Artists must receive a number of votes to even be nominated, with winners determined through online polling. Red Eagle's music has been described as a traditional, yet contemporary blend of flute, drums, percussion and vocals, pulling your senses into the world of the American Indian, their history of living in a balanced harmony with the earth, nature and the spiritual world. She is greatly missed. I remember 1984 when she won Best New Country Artist. I watched it on t.v. New Fire by Scott August Beautiful flute music by Scott. Visit his cdbaby page and give it a listen.
