Details: Jill Newman's debut CD, "Fragile Walls" is an all-original roots-blues-alt country recording of songs about life, love and loss. Produced by multi-instrumentalist, Stephen Nikleva (Sandy Scofield, Ray Condo, Veda Hille, Animal Slaves), "Fragile Walls" showcases Jill's skillful lead guitar work and passionate singing. Her songs are filled with the depth and emotion that comes from a lot of living and a lot of miles on the road.
