Country-Rockin' fun. Gorgeous harmonies, guitar playing songwriting. Dynamite band and steller vocals from Chicago's finest. 12 MP3 Songs COUNTRY: Country Rock, ROCK: Americana Details: What the PRESS is saying about THE JULEPS: "Members of two of Chicago's most popular rock bands have morphed to create The Juleps, a maverick country band that sings about Marie's Riptide Lounge, faded love and casinos in Reno..."With a roll of the dice." An apparent lack of agenda is what makes this band so appealing, while their mutual respect and laid-back attitude yields a cool, smooth product..." Chicago Sun-Times "When The Juleps harmonize, it's like Steve Earl and EmmyLou Harris ripping it up!" "Wild Beautiful Thing" and "Can't Back It Up" are nothing short of fabulous." The MP3 Files "The members of The Juleps have brought the high energy and rhythms of their primary rock and roll gigs, infused them with a little twang and a touch of blues, and then added some well-crafted lyrics, resulting in a tasty musical stew..."
