The amazing world we inhabit hides many mysteries. How did mankind originate? How was our Solar System formed? Were these events ever recorded in some obscure method? And what about the extinction of the great lizards, the disappearance of Atlantis, evidence for the Golden age, the secrets of Flying Saucers, and many others? Could any group have had the technology to record all this evolution in perfect three-dimensional Holography, and then reveal it all to a civilized Sasquatch? Even knowing all these answers, there are forces that try to impede and cover up such stunning historical information because, like the War of the Worlds radio program, government officials are afraid of creating mass, uncontrolled panic in the populace. Is there any way for an unusual creature like a Sasquatch to be believed? You will love the stunning conclusion!
