SPEAKER SYSTEM

TAD-R1

XTW/E5

SERVICE PRECAUTIONS

- * This product weighs 150 kg. For a repair at a customer's home, three people are required. If the unit must be placed 90° from normal for work, place it on cushioning, such as blankets, for protection.
- * When removing the gasket from the section to which the CST unit is attached, be careful not to damage the gasket.
- * The Screw Caps SNK2943 (6 per unit) that cover the fixing screws for the woofer unit cannot be reused. Before repairing, be sure to procure the Screw Caps.
- * The Packing SEC2109 that is wound around each connecting cable cannot be reused. If replacement of connecting cables or the Network Assy for the woofer is expected, be sure to procure the Packing in advance.

This service manual is intended for qualified service technicians; it is not meant for the casual do-it-yourselfer. Qualified technicians have the necessary test equipment and tools, and have been trained to properly and safely repair complex products such as those covered by this manual. Improperly performed repairs can adversely affect the safety and reliability of the product and may void the warranty. If you are not qualified to perform the repair of this product properly and safely, you should not risk trying to do so and refer the repair to a qualified service technician.

WARNING

This product contains lead in solder and certain electrical parts contain chemicals which are known to the state of California to cause cancer, birth defects or other reproductive harm.
