Develop The Midas Touch And Turn Every Affiliate Campaign Into Massive Profits... & Ramp Up Your Monthly Commissions Using Dead Simple Strategies! If You Are Sick & Tired Of Being Fed With Lies And In-The-Sky Promises On Making Money Online, I Invite You To Read Every Word Of This Letter With An Open Mind... Things like: * You don't have to create your own product! * You don't have to shoulder any lick of customer support! * You earn generous commissions anywhere from 20 up to even 50 (in some cases, 100 up to even 200!) * You don't have to keep inventory of the product whatsoever, unlike offline distributors! * All you need to do is simply do the marketing! Sounds like an ideal financial dream, right? While thousands of ordinary folks are making a handsome income just peddling other people's products online, the sad truth is: these are the MINORITY! Matter of fact, the failure rate in Affiliate Marketing is just as high as anywhere else in other financial and marketing industries -- I personally estimate at least 90 of the people who have gone online to attempt making money as an affiliate are broke. Introducing... Affiliate Blogging Secrets! Affiliate Blogging Secrets is a step-by-step video course on how I turn every affiliate campaign I am in into massive profits. I don't have the luxury of time in mentoring each and every person who email me, so I decided the best thing to do is record my video on-screen... so it's like looking

over my shoulder while I convert free blogs into money-making machines! The concept is not overly radical. It's plain. It's simple. It's SOUND. And it WORKS! That's most important of all. I don't know about you but I prefer doing anything that's easy and makes sense... especially if it would ramp up my bank account! Here's a more detailed look at my step-by-step course: Module 1 - Introduction to Affiliate Blogging Secrets No credibility, no list, no website, no traffic... no nothing! This is how you get started. In the first Module I kick start with the premise of Affiliate Blogging Secrets and why this works virtually for anyone just starting out. Even if you have some or a lot of experience already with online marketing, this will serve as a 'bonus' to what you already know. The premise of Affiliate Blogging Secrets is that even without a list or website, you can still get started on building free blogs to drive traffic and start raking in commissions from affiliate products! Flash Video, MP3 audio and PDF transcript Included! Module 2 - Blog Building: Research and Choosing Topic The second Module sets the pace in uncovering profitable niches you can get into. Not all niches are equally profitable. And if you want to make more bang for the buck, you might as well be in a niche where you have the highest chance of making more money possible! Flash Video, MP3 audio and PDF transcript Included! Module 3 - Setting Up Your First Affiliate Wordpress Site Technically challenged? No problem! I show you step-by-step how to set up your first WordPress blog! It's like watching over my shoulder as I walk you every step of the way on how to get this seemingly daunting task done... the easy way, of course! Flash Video, MP3 audio and PDF transcript Included! Module 4 - Turning Your WordPress Blog PRO This is not some wordpress blog you'd learn to set up from a 5-minute guide... I show you specifically how to set up in a way you can start making money from this blog of yours - and duplicate the model OVER AND OVER again! Flash Video, MP3 audio and PDF transcript Included! Module 5 - Finding Profitable Clickbank Affiliate Products How to uncover profitable niches you can get into and pick products to promote. Not all products are made equal, and if you can identify which products will sell well or not before will save you plenty of time and effort from investing wrongly. Flash Video, MP3 audio and PDF transcript Included! Module 6 - Finding CPA Offers Cost-Per-Action. The new wave of making money and a new income stream to add to your online empire of affiliate marketing! How to maximize dollar value for every lead you have and send to other merchant sites! Flash Video, MP3 audio and PDF transcript Included! Module 7 - Creating Follow-up Series to Capture Leads One-time sales are redundant, and any business that accept one-off sales are guaranteed to be out of business anytime soon. I show you how to maximize your sales count by developing an

easy-but-sophisticated follow-up system, built into every blog you make! Flash Video, MP3 audio and PDF transcript Included! Module 8 - Invaluable Blog Post Creation Secrets Blog post server two purposes. They give the reader information to soak up and to build a foundation of trust from your site and they provide the search engines with meaty content to rank your site. In this video you'll learn how to get the best of both worlds! Flash Video, MP3 audio and PDF transcript Included! Module 9 - The Free Bait Method In this video you'll learn how to build your list super quickly using "the free bait" method! I personally love this method because it gets other people to do all the heavy lifting for you whilst you sit back and let the traffic come to you! Flash Video, MP3 audio and PDF transcript Included! Module 10 - Create A Viral 'Infection' With Resale Rights Reports Working on your own produces finite results. I show you yet another way to build your opt-in list using what I call a 'viral infection' utilizing nothing more than a few pages of content! Flash Video, MP3 audio and PDF transcript Included! So Is Affiliate Blogging For You? Imagine this... You wake up late in the morning. You've just quit your full-time job and escaped the drudgery you knew too well for the last several years!.
