

Enterprise Governance Of Information Technology

[DOWNLOAD HERE](#)

"The control of IT within enterprise systems has an ambiguous pattern of mis-management and associated horror stories for new players. This book confronts the most serious problem facing enterprise managers today with instruction, case studies and solutions. It is a must read and a must use for those seeking to extract top value from the IT investment in a control challenged work place." (Brian O. Cusack, Ph.D Director CRISM Security School of Mathematics & Computer Sciences University of Auckland New Zealand) EAN/ISBN : 9780387848822 Publisher(s): Springer, Berlin, Springer US Discussed keywords: COBIT, Corporate Governance, Informationstechnologie Format: ePub/PDF Author(s): Grembergen, Wim van - Haes, Steven de
