Space-age Alien Electronics. Warm fuzzy melodies over booming waves of bass and pulsating synth beats. 6 MP3 Songs in this album (28:44) ! Related styles: ELECTRONIC: Electro, ELECTRONIC: Electronica People who are interested in Kraftwerk Ladytron The Knife should consider this download. Details: In the Earthling year of 1983, a life form was launched from a distant land - the origin a galaxy unreachable and invisible to humans. His likeness to the people of Earth was strong, and his biology adaptable to a variety of atmospheres. Traveling from his homeland, this creature soars to all destinations in his spacecraft, a machine designed by the top intelligence of his kind. At speeds unfathomable to man, the earthbound alien Effword operates this vehicle using the power of soundwaves only. His only controls - a synthesizer. His only mission - to expose all life forms to the science and the sound of Effword.
