

Mp3 Jam Wagon - Stages

[DOWNLOAD HERE](#)

A modern combination of country, rock and pop. 10 MP3 Songs COUNTRY: Modern Country, COUNTRY: Progressive Country Details: The early version of Jam Wagon was a group of neighborhood kids who went from house to house, singing their hearts out, and pretending to play whatever crude instrument they could get their hands on. Folks would come out and sit on their porches to listen to these kids and would clap, whoop and holler after each song. These young boys got their first taste of applause and were hooked (line and sinker). It wasn't long before the air guitars were replaced with real ones. The little red wagon (drum kit) was replaced with the real thing, and last but not least, the whiffle bat microphone, well, it went back to hitting whiffle balls. Now, years later, and many songs in the can, the Jam Wagon boys are ready to venture away from the neighborhood to play their music for the whole world. So c'mon, and take a ride on the Jam Wagon!
