Beautiful and Violent like a Thunderstorm 9 MP3 Songs ROCK: Modern Rock, ROCK: Progressive Rock

Details: This is Longdancerunner's first album, chronicling our first two years. We've taken a DIY approach and released the album ourselves, a slow process beginning with writing dating back to late 2002, then recording in late 2003, and finally releasing the album on April 22nd, 2005. We'll be posting press clippings as we get them, but we feel it was worth the effort. We hope you do too.
