Details: Originally known for her religious emphasis in music, Mindy Gledhill is nothing short of becoming the next pop-culture icon. In September, Mindy will release her new album Feather in the Wind. Written over the course of a few years, this album highlights sensitive moments in Mindys life where she learned to brush off the pressure of feeling acceptance. Feather in the Wind focuses on my own interpersonal struggles where I felt like I was being pulled in a lot of different directions, but learning to completely love myself as an imperfect, crazy human being, said Mindy. Breaking out into pop-culture, Mindys music evokes a wide-range of emotions and allows listeners to establish a complete connection with an upbeat, energetic and almost nostalgic montage. Mostly inspired by her experiences as an artist, mother and student, Feather in the Wind bridges the gap between inspirational and rock. Mindy feels that this album truly reaches the hopes of people who are struggling with lifes charades. Mindys unique voice and upbeat tempos with drums, guitar, piano and a variety of other instruments generates music that is meaningful; whether the music is feel-good fun, or more sensitive and genuine.
