The response has been outstanding since the Nov,25th release of "Respect 1st" sales broke all expectations in the first week. Thank you for all the support, expect more soon. BIO.... O.S. , stands for old Suisun, a northern California city in the northern bay area, with a population 25,000. O.S Boyz are a group of money motivated young men that consists of individuals that met here in Suisun, some raised here, others born in cities such as; Oakland, San Fransisco, Vallejo, and well represented from Sacramento to LA and all over the bay. The "O.S. Boyz" isn't limited to a core few, but made up of an arsenal of individuals with skills and talents in the form of rappers, lyricists, vocalists and musicians including; KOOL "V," DUECE, YOUNG C, DUBE D, CEDD C.A.P.O.N.E, BUMP, and B-DUBBLE showcased on the current release "Respect 1st." This album features the masterful "YOUNG C," who lays down the foundations for most of the knocking beats on the new album with the simplest tools. His ear for sounds and pure talent demand attention every time. At 23 we have a lot to see out of this beat prodigy. Backing some of these beats is possibly the best r&b/rap vocalist on the west coast,"Kool V," showcases his vocal finesse and his ability to make a OK song a hit. Guest appearances include NITTI on vocals over two fat ass beats from Vance Boog on Tracks 5 and 7. Future O.S. Boyz releases will include the likes of, M.G., Fred Benz, The Master Mind, Young D, Big Daddy, J-Snacks, equally gifted talents that are on another level and on deck to display quality from Northern Cali. The extended Suisun family runs deep with resources that have yet to be tapped. Look for skills on future "O.S." releases from, SDICK PEN DA KING PIN, who sets himself apart from all other rappers with his original style. A billion dollar diamond yet to be discovered, but ready to show his genius... and RUBO, whose raw style and sound is crowd commanding on the mic. Expect these and

more blazing talents on soon to come releases from "O.S. Boyz" and "Making Moves Entertainment." The family tree branches even further, so look for individual releases, colabos and business ventures from members within. All of these ventures fall under the creation of "Making Moves Entertainment" and Cedric Gillespie whose first intent was to maintain a company whose decisions were handled by himself and his loved ones. This will hopefully help to expose true talent in its realest form locally and world wide. His love for Music and Money and a goal for success will be the establishment that will continue branching into opportunities and jobs for our family and friends that supported his plan.
