

Mp3 Resurrection Eve - Rapture

[DOWNLOAD HERE](#)

Resurrection Eve is a finely tuned hybrid electronic act with an industrial aggressive quality and excentuated with a gothic-orchestral flourish. 11 MP3 Songs ELECTRONIC: Industrial, ROCK: Goth

Details: The most exciting electronic-goth act since... ever! Complex and thick electronics ready for pure swoon or the dancefloor with favourable similarities to 80's electro and modern day futurepop and overlaid with Jordan's orchestral vocals providing a very intimate and personal content. Resurrection Eve's latest offerings are best describe as smooth and tight. About Resurrection Eve's album Rapture

When every song is worthy of being a single, what do you call the album... don't know about you, but Resurrection Eve have titled their new masterpiece Rapture. Resurrection Eve is a finely tuned collaboration incorporating hybrid dance electronics with an elegant quality, strong dance rhythms and excentuated with gothic-orchestral flourish. Their brilliant debut album from 1999, Ancient Curse [released by Nightbreed in the UK] received rave reviews and the upcoming new album Rapture will set the scene for what will soon become Australia's premier electro-goth act. Resurrection Eve's live show is a well paced and carefully executed presentation of light and sound with a dynamic performance from Jordan's emotive vocals, Mark's deep keyboard programming skills, and Mav's extravagant guitar presence.

Prepare for all the goth and futurepop media to become a-flourished as the emotions of Resurrection Eve shivers down the spine and into your heart. The sound and production of Rapture will captivate you for years, as sure as Resurrection Eve will be the next big thing, Rapture will not be forgotten quickly. The double CD compilation formed from the popular German nightclub of the same name "Dark Awakenings 2" was very successful and Resurrection Eve's previously unreleased demo version of Zen was voted in their top 10 for the month of May 2002 amongst some of the biggest names in alternative/goth/industrial music today!
