Details: This album has been a journey in the making for its creator, Scott Frazier-Maskiell.

"Constellations" began as one song written in the mountains of Colorado a few years ago. A trek across the country to Nashville, Tennessee and a marriage and baby later, 10 songs made their way to a collection that some folks are already calling @###\$ awesome!!! More rocking than Scott FM's previous award winning folk album "The Clearing", "Constellations" features some talented guest stars including: Leigh Maples, Todd Livingston (Jim Lauderdale Band), Charlie Worsham (Kingbilly), Bob Nickerson, and several others. Spiritual, inspiring, silly, each song is a hook-centered gem, making up an album that's a joy to hear from beginning to end. People who are interested in James Taylor Cat Stevens Matthew Sweet should consider this download.
