Indie rock with strong pop hooks. Spanglemaker may bring to mind the familiar, but defies categorization. 10 MP3 Songs POP: British Pop, ROCK: Modern Rock Details: Hailing from Milwaukee, WI, Spanglemaker has been spending their time playing shows in support of it's most recent CD "End of the Gray" which The Onion Newspaper describes as ..."superior-sounding. The album's unabashed pop-rock nods to the current crop of tuneful U.K. bands like Coldplay, which makes it a pleasant standout in a city known for more rocking fare." Recorded last year at Butch Vig's Smart Studios in Madison, WI. "Gray" combines the strong vocals of their earlier work with a new found guitar attack to create a smarter arrangement not unlike that of Coldplay or Travis yet truly all their own. While concentrating on their live show, spanglemaker has also found time to write songs for a new project. They plan to hit the studio later this year to lay down tracks for their fourth CD to be released early 2004
