An eclectic mix of electro-cheese and heart-stopping ambience: from a robotic double-act prelude to atmospheric meanderings and from embarassing Chinese synth-pop overtones to infectious funk. 19 MP3 Songs EASY LISTENING: Background Music, ELECTRONIC: Ambient Details: An hour-long eclectic mix of electro-cheese and heart-stopping ambience, from the robotic double-act prelude of Saving It Up and Automaton to the atmospheric meanderings of Nothingacre and Excremental Intermission; from the embarassing Chinese synth-pop overtones of Underground Beijing to the infectious jazz seeping from the pores of Only the Green Pen Works, Do Not Listen is sure to take you on an undeniably unique musical journey. Whichever stop you choose to get off at, however, is entirely up to you... The album includes full-length versions of many popular tunes from the Tim Halbert website, as well as the eagerly-anticipated soundtrack to Flash hit Stick Avalanche 2.
