

Obstetric Anesthesia

[DOWNLOAD HERE](#)

This is a comprehensive and easily navigated reference for all anesthesia practitioners caring for women in labor. Obstetric Anesthesia is a definitive, comprehensive and yet easily navigated reference for all anesthesia practitioners caring for women in labor. Designed to offer rapid access to information, it is suited as a convenient reference on the Labor Floor. Over 400 topics are covered in detail, including pharmacology, physiology, delivery of anesthesia, and management of co-existing diseases as they relate to pregnancy. A detailed formulary of common medications, emphasizing indications, contraindications, and maternal and fetal effects of the drugs is also included. EAN/ISBN : 9780511275777 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Pian-Smith, May C. M. - Leffert, Lisa
