With Getting Up And Running With WordPress I will show you how you can use WordPress to build almost any kind of website without having to know a thing about PHP or any other type of code. In this package that includes Video, Audio, Articles, and an Ebook we are going to go through the process of getting a WordPress site up and running, and optimized for both your visitors and the search engines.

FREE BONUS - Plus you get to choose a **FREE** Bonus Gift from any product I have in my Tradebit Store! {One of equal or lesser value.} With this Package You will learn how to: The two ways you can install WordPress - and when to use each one. What you should consider paying for your theme even though there are a ton of free ones to choose from. What plugins every WordPress site should be using - and why you shouldn't install too many others. How to protect your WordPress sites against server crashes and other things that could bring your site down for good. How to speed up your site's performance - which is good for both visitors and the search engines.
