[DOWNLOAD HERE](#)

This is a melody-driven blend of instrumental light jazz/rock crafted for those who love to drive, or remember when they did. 13 MP3 Songs in this album (39:45) ! Related styles: EASY LISTENING: Adult contemporary, JAZZ: Smooth Jazz Details: Barry Littler is a California composer and electronic musician working in various instrumental musical styles. Influences range from Stravinsky to Ravel, The Beatles to Dave Mathews, Miles Davis to Brian Eno and everything in between. Drive is music inspired by driving the highways, freeways and boulevards of Southern California. As an occasional visitor to the Southland, when gas was cheap and roads less crowded, driving was actually fun. Sit back and relax with this album and imagine our love affair with the automobile can last forever.
