"MEGA" is 9 songs of catchy keyboard rock with velcro melodies that will stick to your brain and won't let go. Clocking in at under 22 minutes, "MEGA" leaves no room for filler, packing two minute songs with magnetic pop hooks from start to finish. Built By Snow draws heavily on influences that defined their youth... from 8-bit Nintendo games to 3D glasses, the pop culture that shaped their minds and stole their hearts is now reverberating in their music and lyrics. Since forming in 2006, Built By Snow has been carving their name in the Austin, TX independent music scene and gathering a devoted internet fan base that has found ways to help the band using their creativity. Their first album cover was designed by a fan in Atlanta, GA, and their second by a fan in the Country, Chile. Their video for "All the Weird Kids Know" was made by a fan in New York, while show flyers and other web designs have been made by fans everywhere. Built By Snow is JP Pfertner (vocals, guitar, keyboard, bass), Matt Murray (vocals guitar, keyboard, bass), Ben Bauer (bass, vocals, keyboard, guitar), and Brandon Stein (drums). They combine to put together an animated live show saturated with hand claps and a wave of fuzzy keyboards. Bouncing around the stage and alternating from guitars to synths, the band absorbs every free inch of floor space while rocking their brains out!
