[DOWNLOAD HERE](#)

Funky electronic music with shades of Trip Hop, Trance, and Dance. 9 MP3 Songs ELECTRONIC: Funk, ELECTRONIC: Trip Hop Details: Catman was born in London, England and became a musician after getting out of high school, well it seemed better than working an actual job! Bass is his main instrument but he also plays drums, keyboards, guitar, and some trumpet. After touring the world he met a friendly American woman and now lives in the USA where he plays bass in a couple of bands and actually has a day job (how did that happen?). Always interested in recording, and having done a lot of session work in London, he built a studio at his home where he records himself and others. His friends for free and others for money! A lover of Jazz, Funk, Blues, and Soul, Catman's music combines these elements into an electronic mixture he likes to call Electrotripfunkhop. He hopes you like it too. People who are interested in The Chemical Brothers Moby Parliament-Funkadelic should consider this download.
