Pop, rock 12 MP3 Songs POP: Power Pop, ROCK: Adult Alternative Pop/Rock Details: ABOUT TIME is proof that time age serve to make an artist better. Kirby Swatosh's third finest album is a testament to the notion that you can only get better with age. He's paid his dues as an artist it shows in this immaculately produced collection of folk-pop-rock tunes. In this dark age of the lost art of the pop song, there is light at the end of your headphone cord. His vocal style on this disc has evolved with greater subtlety in phrasing emotional diversity. The lead guitar parts by Brian Goughnour*, are also diverse touching on the styles of Robby Krieger, Carlos Santana, Lindsey Buckingham, even Frank Zappa! "Lost In Space" is destined to become a cult classic--'T.V. Land'--folk anthem with a beautifully produced multi-track vocal. The song's got pop-drive with folk sentiments. "But that was the future then..." is one of the more brilliant lines. The source of the magic of "Girl In Brasil", "Memory Lane" "Brasilia" is an enigma that makes these three of the best songs he's ever written. "Girl In Brasil" is an especially beautiful example of 12 string folk guitar. In "Memory Lane" he has attained the secrets of a great pop vocal with the hypnotic line, "Memory Lane--Memory Lane." "Brasilia" is a haunting epic hard to describe in words but, "Paradise never seemed stranger...And I rest my eyes on the Columbia River...." With these three songs it's as good as it gets anywhere. And, finally, I think that Sir Paul McCartney would have been proud to have written "After" except that it's by Mr. Kirby Swatosh. It is a sweetly inspiring song to any aspiring song writer. For musicians non-musicians alike a good time is guaranteed for all!! David S. Smith *Brian Goughnour plays lead on all songs except "Girl in Brasil", "Mud", "After", & "Woke up"-leads by Kirby
