A soulful blend of Americana, Alternative Country and American roots music. 10 MP3 Songs COUNTRY: Americana, ROCK: Folk Rock Details: Flagstaff Singer/Songwriter Lucky Overton performs a mixture of Alternative Country and Soul that is mostly influenced by 60's and 70's country, rock and R&B. Lucky Overtons music has been compared to acts such as The Rolling Stones and John Prine to Ray Charles and Otis Redding. The result is a sound that can only be described as Soulful Americana. It's soulful Americana! Its like driving through the desert at midnight with no headlights and disappearing into the distant rhythm of heartbreak, hope and desperation. I am the bastard son of Graham Parsons and Aretha Franklin. Im Ray Charles with a guitar in a country bar. Im soulful, Im white, and Im Dylan doing nothing but Nashville Skyline. Its the music that makes you feel like Sam Cook, Hank Williams and Otis Redding are still alive. -Lucky Overton The hard work compliments Luckys sincere, soulful acoustic sound. I hate to use the term Americana folk, but it just fits so well. It is good, though. His lyrics are thoughtful and reflective and the music sets the perfect mood for a dimly lit bar or coffeehouse. When people think about a modern Zane Grey, sitting around Flagstaff downtown, looking for inspiration in a distant place, this is the music playing in the background. This guy could make a ton of side cash being a sonic muse for up and coming writers. You know youre good when you could probably make a killing inspiring things around you. -Mike Williams , The Noise, 5/1/08 "With an acoustic guitar, an earthy voice and biting wit, Lucky tells irresistibly down home, edgy stories." -Beth Dennison For more Lucky Overton music, performances and booking information, please go to myspace.com/luckyomusic or e-mail us at luckyomusic@yahoo.com People who are interested in David Gray John Mellencamp Ryan Adams should consider this download.
