Acoustic Rock 10 MP3 Songs FOLK: Folk-Rock, ROCK: Acoustic Details: Oliver Pigott. He is all at once a powerful singer, timeless songwriter and magnetic, explosive performer. Standing 6 foot 2 inches with a crop of outrageously wild hair, Oliver's presence commands your attention. What most people recognize instantly is the kid's astounding lyrical abilities. As one admirer from Los Angeles explained, It's almost as if Oliver has spent his young life on a train and seen the world in all its joy, pain, benevolence, cruelty and social injustice. The tunes, too, speak of a world-weary soul, resulting in a wonderful melodic mix of blues, country, folk and rock n roll. After the passing of his father, a blues harmonica player, Oliver picked up the instrument. He was twelve. He began to perform in bars along the Algarve in Portugal. Returning to Toronto, Canada, Oliver gathered a passionate legion of fans with his band Laughing Sams Dice, playing such legendary clubs as The El Mocambo and The Opera House. His following grew ever stronger. Now based in London, UK and a ubiquitous presence in clubs across the country, the rest of the world is about to discover what his many admirers already know. In the words of one devoted Pigott concertgoer, Oliver picks up that guitar and steps up to the microphone like he's coming home. I've seen him so many times because he's twenty feet tall onstage and I can't look away. People who are interested in Tom Waits, Richie Havens, John Mayer should consider this download.
