Media Album Reviews: -By Robert Herndon/Powersource Magazine October 2004- "This is about as Christian Country as Christian Country can get. From the opening cut (The Patience of Job) to the last track (Anywhere There's God's Will), this 10 piece collection of songs reminds us how American Country music is. My favorite track has to be the country swing tune titled 'Brother Joe'. This is one I could keep listening to over and over. Robert's voice although not extremely radio friendly (but then was Aaron Tippens?) cuts like a knife through a piece of lemon meringue pie. It's not often that the production quality of an album like this can come across as cleanly as this. Some of the songs don't necessarily fit with one another, but can be overlooked with such automatic classics as 'Baptize Me, John' and 'Is It Me', which has some of the finest steel playing I've heard in a long time. It reminded me an awful lot of Asleep At The Wheel in its styling and content. As far as I'm concerned, music like that can come my way all day. The guitar picking, the harmonica plucking, and the percussion all ties in nicely on this package, and exhibits true Christian Country music at its finest." -Pete Smith/The Advertiser/Strictly Independent "Robert is a fine country singer and a man with deep rooted Christian beliefs. These two aspects of the man's character come together here with ten superb original songs performed in a variety of country styles. Robert has engaged a group of musicians who have total

empathy with the singer's music and this comes across strongly on songs like 'The Patience of Job', 'Brother Joe', Baptize Me John', and 'The Revelations'." SPECIAL THANKS: To The Lord for the gift of music. To parents for raising me on traditional country and gospel music. To my wife Angi for the love and understanding. To anyone who ever taught me anything about music whether you knew it or not. To Gene Higgins for working with me on this project. To all the musicians for their talents, valued suggestions, and expertise. To Buck Jarrell for a great engineering job. To Kathy Jarrell for singing such great harmonies. To all my Corporate Sponsors who helped me attend the 2003 CCMA Convention and Awards Show....The Crackerbox Food Stores, Commercial Bank, Heartland Community Bank, Roper Apparel, Dennis Teague Chevrolet, McDonald Abstract and Title Company, McVey's Western Wear and Farrier Supply, Grand Bluff Construction, Pipeliner's Hall of Fame News, The Nixon Building, American Inks and Coatings, Leno Capo and Guitar Compnay. To Darlene Fowler and the HMG Nashville staff for all their hard work on my behalf. "Brother Joe" Worbington, a pastor who was loved and respected by many. Some of my fondest memories are of the many Sundays I stood on a stool behind the pulpit at Enon Baptist Church, singing a "special" as he sat in the pastor's chair to my right. I'll never forget the day he asked me to promise him one thing..."Robert, someday I want you to go to Nashville and make music." That day I made him a promise I have always intended to keep. Many years have passed since then, but now that promise is fulfilled with the production of an all original Country Gospel album entitled "The Gospel Truth". During the songwriting process, I am sure his spirit guided my fingers with the creation of every word, note, and chord progression. During the recording process, I am sure his spirit encouraged me, sitting to my right like in

the days of my childhood. And now completed, I am certain he is smiling in Heaven...with resin on his "baptized bow", playing along with his fiddle on the streets of gold." -Robert Martin- Track List: 1) The Patience of Job (3:25) 2) Am I My Brother's Keeper (3:39) 3) Brother Joe (3:54) 4) The Gospel Truth (3:55) 5) Baptize Me, John (3:06) 6) What Does It Profit The Man (3:49) 7) Is It Me (3:13) 8) Golgotha (4:36) 9) The Revelations (3:28) 10) Anywhere There's God's Will (4:06) Lyrics: All Songs Written by Robert Martin

**THE PATIENCE OF JOB** Sometimes I get tired and restless Weary from the trials of the world And long for a heavenly home Where the gates are made out of pearl When I think I'm down at rock bottom Feelin' the strain of a heavy load I pray for the strength of Samson And hope for The Patience of Job (CHORUS) If I can't have the strength of Samson I settle for The Patience of Job I might not move any mountains That loom up ahead or down the road There's always a way around 'em Given time a stack of rocks will erode If I can't have the strength of Samson I settle for The Patience of Job (Turnaround) We all have our share of trouble Hard times are bound to strike us all When you get down and out You can't rob Peter to pay Paul Now if you are sick and sufferin' Doctors say they just don't know Pray for the strength of Samson And hope for The Patience of Job (Chorus) If you can't have the strength of Samson Settle for The Patience of Job You might not move any mountains That loom up ahead or down the road There's always a way around 'em Given time a stack of rocks will erode If you can't have the strength of Samson Settle for The Patience of Job (Tag) Pray for the strength of Samson And hope for The Patience of Job

**AM I MY BROTHER'S KEEPER** There were two brother's One was a shepherd, the other a farmer Offerings were made to heaven One was accepted, the other rejected (Chorus) Am I My Brother's Keeper Or a loser a weeper A lonely vagabond Am I My Brother's Keeper A mark goes deeper Than the river runs (Turnaround) Cain was angry at Abel Feelin' forsaken a life was taken Nobody watchin' The earth was cryin', rumors were flyin' (CHORUS) (Instrumental) Cain, where is your brother Can't blame another, guilty of murder God was the judge and jury From that day forward a curse I've carried (Chorus x 2) (Tag) Am I My Brother's Keeper A mark goes deeper than the river runs A mark goes deeper than the river runs

**BROTHER JOE** I was only five years old when I met Brother Joe He preached at a little church at the end of a gravel road Out in the country a lot of good seeds were sewn Thanks to the ministry of good ol' Brother Joe They say he played fiddle in his younger days 'Til he heard The Lord's call and had to change his ways He gave up the honky tonks and got baptized with his bow Picked up The Bible and became Brother Joe (Chorus) A good and faithful servant is what he tried to be He loved

The Lord, practiced what he preached When we get to heaven and they call the roll The Lord's gonna say well done to good ol' Brother Joe (Turnaround) I often think about the things he taught us then Lessons learned, the life he led, the war he waged on sin When he preached the word of God he tried to save your soul There's a lot of jewels in a crown for Brother Joe (Chorus) (Tag) When we get to heaven and they call the roll The Lord's gonna say well done to good ol' Brother Joe You were a good and faithful servant Welcome home, Brother Joe THE GOSPEL TRUTH Mary and Joseph Went down to Bethlehem And there in a manger Brought forth their first born son The angels were singin' It was a brand new day Jesus was born On simple bale of hay He grew up a carpenter's son But He had other plans His life had a purpose And He would use His hands And as they crucified Him, His work on earth was done The promise was fulfilled But the battle had just begun (Chorus) He preached The Word On the shores of Galilee Made fishers of men And a blind man see The chosen one He did what he had to do He's comin' back someday That's The Gospel Truth (Turnaround) He arose on the third day And left an empty tomb Appeared to His disciples To tell 'em what to do And as He ascended An angel that they saw Said the same way He's leavin' He's returnin' to take us all (Chorus) (Tag) God's only Son He did what He had to do He's comin' back someday That's The Gospel Truth He's comin' back someday For me and you BAPTIZE ME, JOHN (Chorus) Baptize Me, John In the name of The Father up above Baptize Me, John And you might see a dove Sent from heaven As a loud voice calls me son He'll be proud Baptize Me, John Well, Jesus went down to the river To be baptized by His cousin John And when John saw Him, he was reluctant Said I'm unworthy to baptize God's son (Chorus) (Turnaround) Well, John submersed Him in the River Jordan Like the others he had done But when He came up out of that water The heavens parted for God's only son (Chorus) (Instrumental) (Chorus x 2) (Tag) Yeah, He's just proud Baptize Me, John WHAT DOES IT PROFIT THE MAN A rich man came to Jesus There was a question on his mind Master, how do I get to heaven And live until the end of time Jesus answered the rich man Keep the commandments here below There's something else I need to tell you But I'm not sure you want to know (Chorus) What Does It Profit The Man To gain the whole world and lose his soul In my Father's house are many mansions Where lost men won't walk on streets of gold (Turnaround) The rich man said to Jesus I've kept the commandments since my youth Tell me what else is required What on earth can I do Jesus answered the rich man All your possessions, you don't need There will be treasure in heaven If you take up the cross and follow me (Chorus) (Instrumental) (Chorus) (Tag) In my Father's house are many

mansions Where lost men won't walk on streets of gold Where lost men won't walk on streets of gold IS  
IT ME One night in Jerusalem In the upper room Jesus broke the bread and poured the wine He told the  
disciples Do this to remember Me My body and My blood I'll give in time (Chorus) Is It Me, Is It Me Dear  
Lord, please tell me it's not me Is It Me, Is It Me Dear Lord, please tell me it's not me (Instrumental) As  
they sat 'round the table He caught them by surprise Said one of you here now will betray Me They talked  
among themselves Who would do this thing Then they asked the Lord in disbelief (Chorus) (Instrumental)  
Then Judas said to Jesus Master, is it I Jesus answered Him, you have said Go quickly now Do what you  
have to do You'll regret the life you have led (Chorus x 2) (Tag) Oh, Lord, please let it not be me  
GOLGOTHA A rugged cross, three rusty nails A rocky hill in Israel A jagged face of sand and stone Your  
mournful cries were not alone A willing son, a father's will A sacrifice to seal the deal Flesh and bone,  
blood, sweat and tears Stains on the ground for many years (Chorus) Golgotha, you're not the one to  
blame Don't feel guilty about things you couldn't change I know you're hurtin' bad, feelin' awful sad Well, I  
heard that's not why He came Golgotha, don't hang your head in shame A Roman soldier, hammer in  
hand Metallic sounds can haunt a man As the years go slowly by Your deepest fears are realized The  
wind and rain won't wash away The memory of your darkest day Or the blood of an innocent man Dyin'  
for those who couldn't understand (Chorus) Golgotha, you're not the one to blame Don't feel guilty about  
things you couldn't change Yeah, he was crucified and we keep askin' why Well, I heard that is why He  
came Golgotha, don't hang your head in shame (Instrumental) (Bridge) He hung there upon the cross  
Saved a world that would be lost Without Him, we'd be like common thieves You were just a place in time  
We were all in on the crime So you're not the one who needs to grieve (Chorus) Golgotha, you're not the  
one to blame Don't feel guilty about things you couldn't change No, it was not your fault, what He did to  
save us all Now I know that is why he came Golgotha, don't hang your head in shame (Tag) He hung  
there upon the cross Saved a world that would be lost Without Him that is why He came Golgotha, don't  
hang your head in shame Oh, Golgotha, don't hang your head in shame THE REVELATIONS John was  
on an island The spirit of The Lord came down He heard a mighty voice Behind him like a trumpet sound  
He turned to see who was there What he saw made him really scared He fell down on the ground As if he  
were dead and gone In the midst of seven candlesticks One unto The Lord appeared Placed His right  
hand upon John Told him, "Have no fear" His hair was white, His eyes aflame Said The Lord was dead,  
but He lived again And He'd be alive for evermore, Amen (Chorus) He said I'm Alpha and Omega Got

somethin' here to show you Open up your mind so you can see A vision of the future and what shall come to pass The Lamb will open seven seals Write down The Revelations All things to you will be revealed (Turnaround) 'Til this very day There's still some confusion in the church About some of the things That John wrote in his work The bottomline's what happens last The Prince of Peace defeats the devil and casts Him into lake of fire for eternity (Chorus) (Instrumental) (Chorus) (Tag) So, John wrote The Revelations All things to him were revealed ANYWHERE THERE'S GOD'S WILL Old Noah had to build an ark There'd be a flood A certain size and shape Made of gopher wood Pressed for time need two of each kind But he beat the rain Anywhere There's God's Will there is a way Anywhere There's God's Will there is a way The Lord appeared to Moses In the burnin' bush He sent him down to Egypt On a mission to rush Ol' Pharoah let me people go Cannan awaits Anywhere There's God's Will there is a way Anywhere There's God's Will there is a way (Chorus) Anywhere There's God's Will there is a way It's written in the Bible on every page The Holy Ghost is in control if you'll just obey Anywhere There's God's Will there is a way Anywhere There's God's Will there is a way (Turnaround) Joshua led God's people Down to Jericho They marched 'round seven times And let the trumpets blow Those city walls came tumblin' down In ruins they lay Anywhere There's God's Will there is a way Anywhere There's God's Will there is a way (Chorus) (Instrumental) The Lord is still lookin' For a few good men To carry out His mighty work Until the end Listen close for The Master's call Each time that you pray Anywhere There's God's Will there is a way Anywhere There's God's Will there is a way (Chorus x 2) (Instrumental Fade Out)
