A cool mix of rap and vocals that awakens your spirituality; heartfelt gospel music with an urban twist-deeply satisfying. 11 MP3 Songs GOSPEL: Contemporary Gospel, URBAN/R&B: Contemporary urban Details: Born in 1973, Stanley Porter grew up in one of Boston's roughest neighborhoods. "There used to be dead bodies in the hallways...the playground had crack vials in the dirt and bullet shells in the sand". Stanley credits his survival to his "mother and the hand of God". Before giving his life and music to Christ, Stanley was an up and coming hip hop artist. After his spiritual transformation, he decided to write and produce strictly gospel music. This album, No Turning Back, is a mixture of rap and song: something for everyone. Although the album is diverse in it's selections, one thing remains the same: a "keep it real" attitude and an admiration for God's ability to look beyond a person's faults and see their potential. "I want my listeners to experience the undying love of God and the comfort that can only be found in a relationship with Jesus Christ."- Stanley Porter If you like lyrics that are full of power and music with an urban edge, this music will bless your soul.
