Who Else Wants to Learn More About an Exciting and Profitable Hobby? Discover all the information you need to embark upon a hobby that offers very real personal and financial rewards! Antique collecting is one of the worlds most popular hobbies for a reason! Learn all you need to know to start today! We all hope to find something enjoyable to do with our idle and leisure time. Too often we find ourselves aimlessly channel surfing from the couch or wasting our energies on other, equally useless pursuits. Although our work lives may keep us busy, we still feel a need to have something else in our lives...some fun, ongoing pursuit that will bring an added dimension of enjoyment and entertainment to us. It would be even better if we could find an activity of that sort which also presented us with a real financial opportunity. Imagine how nice it would be to spend your time away from the daily grind doing something that was both personally and potentially financially rewarding instead of just watching television or killing time. Many people have found a hobby that gives them those opportunities...collecting antiques. At first glance, the idea might be intimidating. Too expensive. Too much knowledge required. A lack of interest in old furniture. All of those objections, however, melt away when one looks at antique collecting from a

more accurate perspective. You can turn any of your interests into the subject of an enjoyable antique collection. You can learn the basics of collecting antiques simply and easily. You can create your own awesome collection and be on your way to discovering a real sense of accomplishment and satisfaction. Plus, antiques are profitable. Informed buyers can amass collections that they later sell, by piece or in total, at prices far greater than what they paid. Its time you considered becoming an antique collector! In this Guide to Antique Collecting audio book, you will learn: * Why condition is important to every collector * How to use simple tools to authenticate antiques * How to better care for antique items * How to choose a good antique dealer * And much, much more! In addition to valuable how-to information about antiques, you will also receive exclusive information about some of the most popular and interesting segments of the antique markets. This great audio book, A Guide to Antique Collecting, takes a look at topics including: * Depression glass...a perennial favorite among collectors * Tin toys...a fun and valuable way to look at historyCat travel * Hand-made quilts...artisan products in high demand * Tiffany lamps...the gilded age classics everyone adores The A Guide to Antique Collecting audio book provides you with that and a variety of other hot antique niches!! The trick to making antique collecting a great hobby for you is acquiring the necessary background and information to get started. Too many people miss out on their chance to pursue a truly rewarding past-time simply because they lack the basic essential information that will give them a great head-start! Remember...this audio book provides you with a great overview of many aspects of the antique collection hobby. It provides you with solid background information and a closer look at many of the most popular antique niches!
