Increase Your Article Throughput With This Tool By Writing More Articles Faster Perfect for Bum Marketers, Article Marketing and Content Creators! ArticleHelper can help you write and finish more articles. And if you are using it for marketing, that means more income and faster growing lists. If you are into creating content (especially PLR articles packs), this also means more income for you too. Here are some of the features of ArticleHelper: One central location for all the articles you are working on. Running word count - it keeps track as you type. Sort by article title, niche and word count. Quickly preview an article. Enable/disable word wrap. Export summary into savable text file. See the keywords you are focusing on. Document your author resource box. Also included is a Schedule feature. This allows the user to schedule different time intervals for ArticleHelper to pop up to the front of their computer screen.
