From: (insert name) Re: The Ultimate Money Making Secret Dear Internet Marketing Friend, If youve wanted to discover the ultimate secret to boosting your chances of getting more money into your pocket, then this message will give you all the answers youre looking for. Because Im going to tell you the #1 secret for making money on the internet. Or anywhere else for that matter. Are you ready? Figuring Out What Your Customers Want And Giving It To Them! Thats what makes businesses success or fail: whether or not youre giving customers what they want. Unfortunately most people dont do this. They create a product, business or service and think customers are going to be barreling down their door just waiting to buy. You have to give people what they WANT if youre going to succeed online. Pure and simple. If you do that, then your life will be golden. So I am sure youre wondering: How in the world can I figure this out? Well theres one thing you need to do. Its really simple yet very few people actually do this:

Just ASK Them! That's the secret most million dollar companies use time and time again is they are constantly ASKING their customers. What do they want? What do they want to know? What keeps people up to sleep at night? These are questions you have to ASK your customers. Get this right and you're bound to make a lot of money in your business! But the thing is many people don't know how to do this. They think it's some complicated process that requires you to do a lot of techy stuff to get up and running. They think they have to:

- Deal with HTML and fancy programming
- Create fancy graphics
- Find the right words to say when asking customers what to do
- Bang their head against the wall trying to figure it out themselves.

Well I'm here to tell you that it's NOT complicated at all! That is if you have the right tools to do the job. And that's why I'm going to tell you more about an awesome software you're going to want to get a hold of today. You'll be head and shoulders above your competition and will be able to zero in on your target market when you get your copy of Easy Survey Creator. Easy Survey Creator is a software that makes putting together software as easy as cake. All you have to do is install the software and all the hard work is already done for you. So when you take action and get your copy of Easy Survey Creator, this software is probably going to be worth thousands of dollars to you. So it would make sense that I would charge at least \$500 for the software. You could easily make that back in a week or a month if you follow these simple instructions. Well you don't have to pay \$500. \$250 would be a good deal too but you won't have to pay \$250. If you take action now, you'll get Easy Survey Creator for only (insert price). That's right that's about a couple weeks of Starbucks lattes DVD rentals, and other purchases that are consumed and don't do anything to boost your business. Why not use that money to increase your chances of making more money? Now You Have Two Choices

- 1) You can either keep going at it blindly

and assume that what your selling to your customers is on the mark and keep playing trial and error 2) Or you can use Easy Survey Creator and boost your chances of getting it right the first time. If you get anything out of reading this just know that knowing what your target market wants is the most important thing you can do as a marketer. Dont do this and its like driving from New York to Los Angeles without a map you wont know where youre going and you could be wandering around aimlessly Thats why most businesses fail after several years. They totally miss the boat when it comes to asking what their customers want. Well when you get your copy of Easy Survey Creator, youll be able to boost your chances of success online.
