Acoustic/pop- Vocal excellence topped with some acoustic licks that are sure to tickle your musical appetite. 12 MP3 Songs POP: Today's Top 40, EASY LISTENING: Soft Rock Details: Redefining passion, The new album by this young, talented, musician could not better be described. With 10 live songs that offer stunning vocals, dueling acoustic guitars, (which resemble that of dave matthews, tim reynolds live session) and lyrics that will leave you breathless. "I just wanted to make an album that wasn't doctored up. Anyone can go in the studio, make the vocals perfect, do the guitar tracks 100 times, and make the album sound good. I just wanted to lay it all on the table, bring it back to what this all started as: writing songs in a freinds basement. It is what it is. Live, Uncut." It is truly one of the most "pure" live cd's I have heard. Keep your eye on this rising star. And if he is ever in the area, GO TO A SHOW! You will leave a changed person. -writer from, "Artists on the Move" Ian Hennise
