What's the STORY of Cristian PADURARU? Since 10 February 1980, Cristian Paduraru grew in ROMANIA, mainly Bucharest. Feeling attracted by melodic dance music since childhood. As a teen Cristian started going to clubs (mainly "Studio Martin"). One of Cristian's projects was "Fire In Water" it included LIVE performances. In the beginning of 1996 he was able to buy his first keyboard. The style of the project was deep techno. In 1998 Cristian received 1st place in the "New TALENT Festival" (electronic section) and in 1999 received 1st place in the "Klub Bizzare" contest from Atomic Tv for best house. It's obvious that he has an artistic gift. Praise goes to the One who gave him life and gifts... His philosophy, in the 90's was that "Music is the best drug," fulfilling the need for excitement. In the new millennium he got in touch with the Word of God and has the philosophy that "LOVE IS THE MESSAGE". His wife, ERIKA, has brought him fulfillment and balance. After the 90's era of live performances, the new millennium comes with DJ performances, and Cristian decided to work mainly in the studio. For a while, between 2000 and 2004 concentrating on advertising and movie soundtracks. In 2005 he decided to offer his services worldwide, so he gathered tunes on the actual trend and invites YOU to enjoy the tracks. He feels GOOD when his tunes are bringing a good feeling to others... Wow, you got here... thank you for reading so far:) Can't wait to read your review!!
